# ABOUT US

**GFG Fiber Contractor** is a leading **Manufacturer & Exporter** of high quality FRP (fiber reinforced plastic) products based in Delhi (India). **With over 20 years of experience in the industry**, our company has built a reputation for providing top-notch FRP products to our clients.

Our expertise lies in the design and **manufacture of FRP Cooling Towers, FRP Dustbins, FRP Tanks, FRP Coolers, FRP Medical Equipments, FRP low fog machine, and various other FRP customized products**. We use only the highest quality materials and state-of-the-art manufacturing techniques to create durable, long-lasting and reliable FRP products.

At **GFG Fiber Contractors**, we take pride in our commitment to customers satisfaction. We work closely with our customers to understand their specific needs and requirements and provide customized FRP solutions that meet their unique requirements. Our team of highly qualified and experienced professionals strives to provide our customers with the best possible service.

We believe in maintaining the highest quality standards in all our products and services. This is reflected in our ISO 9001:2015 certification, a testament to our commitment to quality and excellence.

## ● GFG DUSTBINS

GFG premium dustbins are a great choice for malls, hotels, resorts, offices, public spaces, industries and airports. They are stylish, durable, easy to clean, and affordable.

GFG dustbins to elevate the beauty of your public area while also providing a convenient and hygienic way for people to dispose of their waste.

## ● Resell GFG Dustbins

GFG dustbins are the perfect product to add to your reseller business. They are high-quality, durable, and stylish, making them a popular choice for businesses of all sizes.

**Become a reseller of GFG dustbins today and start growing your business!**

**Get Quotation  
Now!**

## ● Why choose GFG Dustbins?

Our product are made from Fiber Reinforced Plastic (FRP). FRP is special because it's both very strong and not too heavy. It also doesn't get damaged easily by things like rust, and it's simple to keep clean. This means FRP equipment are cheaper than metal equipment and they can also handle the tough work of cleaning procedures, staying clean after being sterilized, and lasting a long time.

# GFG DUO DUSTBIN
